

# 228<sup>th</sup> WPI-IIIS Seminar

## Topics on Research Ethics – #10

### Exploring Ethical, Legal, and Social Implications (ELSI) in Advanced Science and Technology

Ethical, legal, and social implications (ELSI) are regarded as important factors in considering the relationship between science and society. Currently, these issues are often discussed under the concept of responsible research and innovation (RRI). In this presentation, the speaker will provide an overview of the current discussions on ELSI and RRI, focusing on examples in the Japanese context. In particular, he will discuss the latest research concerning stem cell research, food technology (e.g., genome-edited food), and neurotechnology.

### Dr. Ryuma Shineha

Graduate School of Media Design,  
Keio University

Date: **Monday, June 30, 2025**

Time: **13:30 – 14:30**

Venue: **1F Auditorium, IIIS Building**

**\* On-site participation only**
